The "Auberge du Sous-Bois" is housed in a typical Brittany-style building in the midst of large wooded grounds with maritime pines. Open all year round, the hotel is just on the edge of the village of Erdeven, close to all the shops and within easy reach of fine sandy beaches and a range of hiking routes. The hotel is also ideally located for discovering the key tourist sites of southern Brittany, such as Carnac (8km), Quiberon peninsula (6km) and the Ria d'Etel (4km). Our guestrooms are all very comfortable and offer a soothing and bright interior design and are all equipped with double or twin beds with duvets, a fully-renovated spacious bathroom with WC, bath or shower, hair dryer. Each room also boasts an LCD TV with all main European satellite channels, telephone and free WiFi. The hotel's restaurant is open in the evenings and is reserved solely for hotel guests. Our carefully-prepared, inventive dishes offer the very best of the sea and the land. Our menus are extremely varied, balanced and totally in tune with the seasonal offerings from local markets. Make the most of our pleasant terrace bar prior to taking a seat to enjoy our regional specialities.
